NOTES ON CONTRIBUTORS

A. R. H. Baker, B.A., Ph.D., is a lecturer in geography at University College, London. He has published articles on Kentish field systems and an evaluation of H. L. Gray's views on English field systems.

L. A. Clarkson, Ph.D., is lecturer in economic and social history at The Queen's University, Belfast. He is mainly interested in industry and economic policy in early modern England.

T. W. Beastall did research under Professor T. S. Willan of Manchester University for the

degree of M.A., and is on the staff of Maltby Grammar School, near Rotherham, Yorkshire. He is at present working on local history in South Yorkshire with particular reference to agriculture in the eighteenth and nineteenth centuries.

P. T. Wheeler, M.A., Ph.D., is a lecturer in geography in the University of Nottingham. His main interests lie in the field of rural geography and planning, and his research has included work in various parts of the Highlands and Islands of Scotland.
