NOTES AND COMMENTS (continued from p 136)

WINTER CONFERENCE, 1982

The Winter Conference will be held on Saturday 4 December 1982 at the Institute of Historical Research, Senate House, London, on the theme 'Capitalism in Agriculture'. A booking form with full details of the programme is inserted into this issue of the *Review*. Enquiries should be addressed to Dr Dennis Baker, Christ Church College, Canterbury, Kent.

SPRING CONFERENCE, 1983

The Spring Conference will be held at Christ Church College, Canterbury, 11-13 April 1983. The programme and booking forms will appear in the next issue of the *Review*, but enquiries and suggestions for the programme should be addressed to the Secretary.

ECONOMIC HISTORY SOCIETY CONFERENCE, 1983

The Economic History Society is to devote a morning of its 1983 conference to agricultural history, and has asked the Society to arrange a programme for this morning. At the time of writing, the programme is not yet finalized, but it is hoped to include a discussion of 'Agricultural Revolution' between Drs Overton and Collins, and a session on 'Open Fields and enclosure' involving Dr Michael Turner and Professor Donald McCloskey. The conference will be held at the University of Kent, Canterbury, 8-10 April 1983. A preliminary enquiry form for this conference is normally inserted into the November issue of the *Economic History Review*, but members interested can address their enquiries to Dr Whymah, Secretary, Economic History Society Conference, Rutherford College, The University of Kent, Canterbury, Kent CT2 7NF.

THE BRITISH ASSOCIATION FOR LOCAL HISTORY

The new British Association for Local History was formed in April 1982, replacing the old Standing Conference for Local History. The Society has

decided to affiliate to this new organization, and Dr J H Bettey will be acting as its representative. Membership is open to individuals at £4 *per annum*, and applications should be sent to the British Association for Local History, 43 Bedford Square, London WC1B 3DP.

WORK IN PROGRESS

The last survey of research in progress was conducted in the autumn of 1977, and the list was published as 'Work in Progress' in the *Review* in 1978. Mr D Byford has agreed to conduct a further survey in the near future, and it is hoped that members will help to ensure a comprehensive coverage of the work of themselves, colleagues and students.

SUPPLEMENT SERIES

In view of the substantial balances currently enjoyed by the Society, the Executive Committee has decided to consider publishing an occasional supplement to the *Review*. This would offer the opportunity for the publication of major pieces of research which fall between the article and the book in length. It was envisaged that such manuscripts would be of the order of 30,000 words in length. The Society makes no commitment to publish but it would welcome proposals for supplements, preferably consisting of a clear synopsis stating length inclusive of footnotes and the extent of graphic material. Proposals and/or enquiries should be addressed to the Secretary.

THE ARCHITECTURE OF THE AGRICULTURAL REVOLUTION

A four-day residential conference is being held on the architecture of the agricultural revolution at the Institute for Industrial Archaeology, Ironbridge Gorge Museum, Ironbridge, Telford, Shropshire TF8 7AW, 8-11 October 1982. Enquiries should be sent to Mr Michael Stratton at the above address.
